PERSONAL EXPLANATION AT MEETING – CR BARWICK – FUNDS RAISED BY THE SKATE PARK FUND RAISING COMMITTEE AND THE USE OF THE MONEY

Madam Chair

Under section 24 of the Local Government Meeting Procedures regulation I seek to give explanation about funds raised by the Skate Park fund raising committee and the use of the money.

Funds raised were for the Skate Park project and to erect BBQ's on Regent Square. The BBQ project was withdrawn by the Wattle Board of Directors when the then General Manager Mr. Martin advised the Ladies Leisure Group that council would be putting in 2 BBQ's on Regent Square.

All funds raised were in fact handled by Wattle Group Board of Directors.

An allocation of funds upon request was given to the George Town Football Club and further funds offered to a group that were going to have a beach party band bash at Low Head. The latter was not taken up.

My role in the project was to raise funds for the skate park project apply for grants then get a body to manage the funds namely Wattle Group.

As the monies raised were for the Youth the balance was dispersed by the Board of Wattle Group and donated to various other youth groups.

3. PUBLIC QUESTION TIME

3.1 PUBLIC QUESTION TIME PROCEDURE

[Refer to Minute No. 243/16. The period set aside for public question time will be at least 15 minutes. Questions given on notice will be addressed first. Once questions on notice have been addressed, persons who have registered their interest to ask a question will be called to do so in the order in which they have registered. Persons attending Council meetings will have the opportunity to register their interest to ask a question without notice prior to the commencement of the meeting. Council staff will be on hand to assist with this process.

Participants cannot ask more than 2 questions in a row with a maximum of 2 minutes per question. If a person has more than (2) questions, they will be placed at the 'end of the queue' and may, if time permits, ask their further questions once all other persons have had an opportunity to ask questions. Persons who have not registered their interest to ask a question will be given an opportunity to do so following all those who have registered. All questions must be directed to the Chairperson.

For further information on Council's Public Question Time Rules and Procedure, please refer to George Town Council Public Question Time Policy No. 18.]

Questions asked and answers provided may be summarised in the minutes of the meeting.

3.2 PUBLIC QUESTIONS ON NOTICE

Nil.

3.3 PUBLIC QUESTION TIME

Commenced at: 1:07pm

Concluded at: 1:37pm

Mr Williams, George Town

- Q1. Mr Williams raised his concerns in respect to the number of unrestrained dogs on Lagoon Beach, East Beach and Pilot Station Beach and also referred to the dog excrement along the path to East Beach. Mr Williams asked if Council would consider having one dog friendly beach and giving the other beaches back to the people. Mr Williams also asked if there is a breach how it is reported.

The Chairperson agreed with Mr Williams' comments and stated that the areas Mr Williams had mentioned apart from one area on East Beach are all designated on leash areas however enforcement is where it becomes an issue. The Chairperson referred the question to the General Manager who invited Mr Williams to meet with the General Manager and Council's Ranger to discuss Council's Dog Management Policy. The General Manager advised that the beaches were actually Crown land however Council does step up as the local authority. The General Manager advised that there were some limitations in respect to Council's powers on another entity's land however Council does try and manage it as best it can.

Mrs Neilsen, George Town

- Q1. Mrs Neilsen asked if Council has a record of approving a plan drawn by Council officers in December 2011 regarding the Government Hub/Linc development.

The Chairperson referred the question to the General Manager who advised that there are some plans approved however she would need to check the date.

Mrs Neilsen asked if she could expect an answer in the next agenda.

The General Manager advised that this would occur.

- Q2. Mrs Neilsen referred to page 24 of the Agenda "workshop" which states that Council met with land owner and applicant re 119 Soldier Settlement Road and asked what this was regarding and was the Planner present at that meeting.

The General Manager advised that Council has been having some preliminary discussions in respect to an application that is to come and were gathering data about that application. It related to a covenant on a title that Council were a party too and Council received a request to remove that covenant.

Mrs Neilsen asked if the Planner was present at that meeting.

The General Manager advised that the Planner was not present however she was present and she is a qualified Planner.

George Town Council
COUNCIL MEETING – 17TH JANUARY 2018
MINUTES

3.3 PUBLIC QUESTION TIME (CONT.)

Cr Glisson stated that in relation to the last question and response provided Council needed to reinforce the fact that Council met as the owner of the block.

Cr Glisson agreed with the Mayor's additional comment that this was in relation to the Covenant.

Mrs Rainbow, George Town

Q1. Mrs Rainbow requested that Council consider installing flashing lights at the crossing on the main street as she felt the white lines were not sufficient.

The Chairperson advised that this has been an ongoing issue in relation to drivers slowing down for pedestrians despite there being appropriate line markings and it has been raised a number of times.

The Chairperson stated that there had been some preliminary work undertaken looking at whether some other markings on the road or ripple strips may slow drivers down on their approach to the crossing. The Chairperson advised that she would look into the matter and provide further information to Mrs Rainbow taking the question on notice.

Q2. Mrs Rainbow referred to the number of shop windows being broken and felt it was not a viable idea to open businesses or have properties in the town with the money being spent on broken windows. Mrs Rainbow asked that Council look at installing cameras for short periods of time with a view to combatting the issue.

The Chairperson responded advising that there are cameras installed however this does not seem to necessarily stop the vandalism. Council has also had a number of discussions with the Police in relation to this issue. The Chairperson stated that it was heartening to see that there does seem to be some interest in the last few days from community members around starting a Neighbourhood Watch Group locally which could in some way address the issue. The Chairperson agreed that it was a very frustrating and costly issue.

Mrs Rainbow suggested that residents would feel safer if the town had a Police presence during the night.

The Chairperson advised that Council had raised this issue directly with the Police.

Cr Glisson inquired about whether the cameras and the protocols discussed with the Police had been confirmed between Council and the Police. Cr Glisson referred to an instance where someone had come to Council requesting to view the footage and were told that they could not view the footage without Police presence.

The Chairperson responded advising that she was aware that the Police regularly came to the Council office to view footage but was not sure of the protocols in relation to the public. The Chairperson referred the comments to the General Manager who advised that the Police advice is that if someone has witnessed a crime or had a crime occur against them they are to go to the Police and the Police will come to Council to view the footage. That is the correct protocol. The person cannot come direct to Council as Council does not have a regulatory role in that space.

COUNCIL MEETING – 17TH JANUARY 2018

3.3 PUBLIC QUESTION TIME (CONT.)

Mrs Webb, George Town

Q1. Mrs Webb asked for an explanation as to what Provincial Tamar is?

The Chairperson responded that this branding was now defunct but it was at one time the tourism branding which was used to differentiate between the Council and the region as a tourism region. The Chairperson advised that the intent was, with the online search engines already capturing Launceston, the Tamar Valley and the West Tamar, to try and link into that existing tourism space. Subsequently that website has been merged into Council's own website.

Mrs Webb stated that reference to Provincial Tamar was still on the signage.

The Chairperson advised that it was too costly to remove.

Mr Neilsen, George Town

Q1. Mr Neilsen referred to his previous question that he had asked at the December 2017 meeting which had been taken on notice and stated that he was seeking a response to that question which should have been readily available.

Mr Neilsen also referred to his previous 2 questions taken on notice some time ago, one of which related to Clean Marine and the other was the Council carpark and BWS right of way and stated that he was seeking timely responses to these outstanding questions.

The Chairperson referred the comments to the General Manager who advised that given the timeline it would take her time to view the facts involved prior to preparing the responses. The General Manager advised that she would review the questions in the coming weeks and prepare her own responses.

Q2. Mr Neilsen stated that in all socio economic reports for Tasmania George Town comes in very much at the lower scale. Mr Neilsen stated that the Bridgewater Council specifically the Mayor had been very forthright in making public statements in various media outlets in regard to the Council and their people being against the poker machines in hotels in their area. Mr Neilsen asked if the Chairperson as Mayor could give an indication as to her thoughts as leader of this community as to the benefit or non benefit the need for poker machines in hotels in the George Town municipality.

The Chairperson responded that as the elected spokesperson for the George Town Council, she can advise that Council does not have a resolved position in relation to poker machines in the community. The closest that this Council has to a position on the matter, which has been extensively canvassed through LGAT at various times as well, is potentially redundant at this time as it was not this particular elected body that has responded to that. The Chairperson advised that the previous Mayor, Mayor Broomhall, on the basis of discussion at a workshop, responded to correspondence from the then Member for Bass Mr Kim Booth in relation to this matter which indicated that Council's view at that time was that it was not a matter for local government to intervene on but at this stage the Council does not have a resolved position in relation to this matter.

George Town Council
COUNCIL MEETING – 17TH JANUARY 2018
MINUTES

3.3 PUBLIC QUESTION TIME (CONT.)

Mr Neilsen referred to Council's Strategic Plan which states that Council has a responsibility for the community and the wellbeing of the community so if Council does not have an official position, Mr Neilsen asked could the Chairperson please advise whether she was in support of poker machines in hotels in the George Town municipality as had the Mayor of Brighton.

The Chairperson stated that she did not think it appropriate to comment as Mayor Foster was reflecting his Council's position in relation to that matter and as previously advised this Council does not have a resolved position in relation to the matter.

Mr Neilsen suggested that a Councillor instigate a position from Council.

The Chairperson accepted Mr Neilsen's comments.

Mr Austin, George Town

Q1. Mr Austin referred to the recent notice regarding the movie night which stated that there would be an over 18 wet area. Mr Austin questioned the wisdom in allowing a wet area over the road from the two local hotels.

The Chairperson advised that the decision was taken by Council's events staff who have planned that event and following feedback from previous years they determined that it was appropriate to have a licensed area within that event the services of which will be provided by a local establishment with the appropriate licenses in place.

Q2. Mr Austin referred to Mr Williams' earlier comments in relation to the dogs and stated that he too would like to sit in on the meeting with the General Manager regarding the dog nuisance and asked Council when issuing rates notices or public notices, could it include a notice advising that it is the responsibility of dog owners to not only make sure their dogs are under control at all times but also to pick up the dog droppings.

The Chairperson advised that she had recently sent out another reminder through Your Region reminding dog owners of their responsibilities. Council is consistently sending out that message however it does not seem to be getting through. Council provides facilities for the disposal of dog droppings but Council is still encountering these problems.

Mr Austin felt that a notice in the paper was not sufficient and Council should formulate a plan in this regard.

Mrs Wootton, Low Head

Q1. Mrs Wootton referred to previous questions and comments in relation to the dogs and advised that jet skis and speed boats were also another problem around Lagoon Beach where they come in close to where people are swimming and asked who was responsible for that area.

George Town Council
COUNCIL MEETING – 17TH JANUARY 2018
MINUTES

3.3 PUBLIC QUESTION TIME (CONT.)

The Chairperson advised that whilst Council can report it to Tas Police or MAST Council has no jurisdiction in this regard.

Q2. Mrs Wootton congratulated Council on the alterations to the signs with the now recognisable red and white lighthouse and the clearer directions to the town centre, Regent Square and Windmill Point. Mrs Wootton also referred to the Provincial Tamar label and stated that she would be pleased to know that this was also going.

The Chairperson advised that whilst the Provincial Tamar label is gone the removal of it from the signs would be incredibly costly.

Mrs Wootton stated that West Tamar seem to be marketing themselves as the Tamar Valley and George Town does not get a look in; there is nothing on the East Tamar that gets a mention it's just the West Tamar; but they are the Tamar Valley.

The Chairperson stated that the difficulty is for Council to find a way to attach to the existing branding.

Mrs Wootton stated that this was also brought up at the destination workshops back in May 2015 but George Town has made no progress on a Destination Action Plan whilst others have theirs up on their websites. Mrs Wootton asked if there was going to be any progress made on the Plan for George Town.

The Chairperson stated that it was her understanding that it was completed however referred the question to the General Manager, who had recently met with Tourism Northern Tasmania (TNT), for further comment. The General Manager advised that she would be meeting with TNT next week and the launch of the Destination Action Plan was one of the topics on the agenda. Following the meeting with TNT it is the General Manager's intention to call a meeting with other members of the group who are involved in order to drive the matter forward.

Mrs Harrop, George Town

Q1. Mrs Harrop referred to the closed shops in the town which have been boarded up and offered suggestions such as the painting of the boards to look like windows/cottages to make them more attractive to residents and visitors. These painted boards could be reflective of the history of the area. Mrs Harrop also suggested that a couple of soldiers made from hard board or metal could be placed outside the Watch House where people could have their photos taken with them.

Mrs Harrop suggested that tubs of bright flowers in big old barrels could be placed on the corners throughout the town perhaps down to The Esplanade. Mrs Harrop stated that she had costings available for this and would be happy to provide them to Council.

The Chairperson thanked Mrs Harrop for her suggestions and stated that she was sure Council would take them on board and Council would be happy to receive that information in respect to the costings.

3.5 RESPONSE TO QUESTIONS FROM PREVIOUS PUBLIC QUESTION TIME

(Refer to Minute No. 425/00, which states in part, “that a copy of all written replies to questions from the Public Gallery be included in the following Council Agenda.”)

Mr Neilsen, George Town (20th December 2017)

Mr Neilsen asked why Council took over a road in Dune Place and Sandy Court when the whole complex was designed to be a private cobble stoned development, possibly not built to council standards and no truncated corners and now we are going to see something that is going to impact on dangerous traffic management?

Mr Neilsen’s question was taken on notice.

Council officers are currently investigating the matter and a response will be provided to Mr Neilsen in due course; a copy of which will be included in the next available Council agenda.

12. GENERAL MANAGER

005/18 12.1 COUNCIL WORKSHOPS – JANUARY 2018

REPORT AUTHOR: General Manager

FILE NO: 14.10

Cr Glisson expressed concern that Council may be seen to compromise its position by allowing the Developers representative Mr Bartel of Epuron to promote his intended development of a Solar Farm on the land at 119 Soldiers Settlement Road, with no Development Application before Council, when he accompanied Mr Lawrence (director of Moana Management Pty) the owners rep and applicant for the petition to amend the sealed plan.

The Chairperson responded that as the General Manager raised at the time it's a highly unusual situation in that Council is a party if you like to the covenant that exists ordinarily that would not be the case so it's an unusual situation. The Chairperson asked the General Manager if she wished to provide some more commentary.

The General Manager responded advising that she did touch on this at the meeting that Council would not normally meet with the applicant but in this case because the application went up and Council did not give the details trying to avoid this situation then no support was provided to the release of the covenant. Council then have to go through the process and have a hearing or a discussion where they have to provide the details as to why they want the covenant removed which of course is the application so we find ourselves in a situation where we are required to compromise that so that you understand why there is a request to remove the covenant. The General Manager further advised that she did declare that on the day that this was highly unusual and she would have never probably in ten years have come across it and probably won't ever again.
