

The Future Impact Group (FIG) is implementing the Launchpad project. Launchpad is funded by Jobs Tasmania. FIG is auspiced by George Town Council.

Creating pathways to your future

DIGITAL WARRIORS

Do you need some tips on how to use digital devices, software or apps?

Do you need access to digital equipment and free Wi-Fi?

Looking for somewhere comfortable to sit and use your own digital equipment?

Launchpad's digital lounge and tutor are available on Monday afternoons 12.30pm to 4.30pm at George Town Memorial Hall.

Our Digital Warriors Tutor can also visit community organisations to provide digital tuition.

FIG is an all-inclusive, whole of community movement that is creating pathways towards a better life for the people of our municipality. We came together several years ago because we identified a need in our community to speak as one voice. Our community said "they wanted change", and this requires unique solutions and support so that everyone can thrive.

We work in partnership through a "collective impact model" with the whole community, including business, services and government. We place community at the centre through consultation and co-designing solutions. We explore data and information in meaningful ways - and this enables us to build a true understanding of what is important and what is needed.

This is a journey. We have created a plan for the community and it will take all of us to make the change to improve lives.

WHAT WE OFFER

Dynamic Communal Space

Personalised Work-Related Support

Mentoring

Digital Warriors

To contact Launchpad about any of our services please call George Town Council Office (General Enquires)

T (03) 6382 8800

COMMUNAL SPACE

Available for use is Launchpad's Dynamic Communal Space.

By dynamic, we mean vibrant, welcoming and flexible to your needs.

We prioritise room use for initiatives and activities that support employment, education, training and community projects that build a person's capacity to find work.

Room set-up options

Informal meetings
Formal meetings
Digital Lounge
Training room
Workshops
Video Conferencing
Wi-Fi available

PERSONALISED WORK-RELATED SUPPORT

Our Community Engagement Officer is available to walk alongside individuals as they seek opportunities in employment, education and training.

We can introduce you to key organisations and service providers.

We also support people to build their employability skills through community engagement e.g. volunteering and participation in community projects.

MENTORING

Do you need a confidence booster and encouragement to begin your journey towards employment?

Trained Launchpad Mentors are available to work with you, one on one.

Build your strengths and increase confidence to engage with others.

Mentors can share their knowledge and life experiences with you.

You can lead the conversation.
