

October 10, 2019

Dear Resident/Property Owner:

**RE: NOTICE OF CONSTRUCTION WORKS**  
**Renewal of Gerzalia Drive (start to 630m)**

This notice is to advise residents of Council upcoming capital work project to renew the deteriorated road section of Gerzalia Drive.

Council has a contractor ready to commence roadworks the week starting 14 October 2019, with completion in 4-6 weeks, weather dependent.

The aim of the works is to renew the road to provide a high level of service that will require minimal maintenance into the future. This will be achieved in two ways.

1. Firstly by strengthening the existing road pavement by mixing strengthening materials and reshaping road. Expected time frame 7-10 days.
2. Secondly, after a period of consolidation a contractor will return to re-trim pavement surface and apply a 2 coat bitumen seal.

Council anticipates that using the above method access to properties can be maintained with the possibilities of some short delays.

During this time Council thanks you for your patience and understanding and we apologise for any inconvenience the works might cause.

If you have any queries, please contact Council Offices on 6382 8800.

David Richardson

Team Leader, Works & Infrastructure
