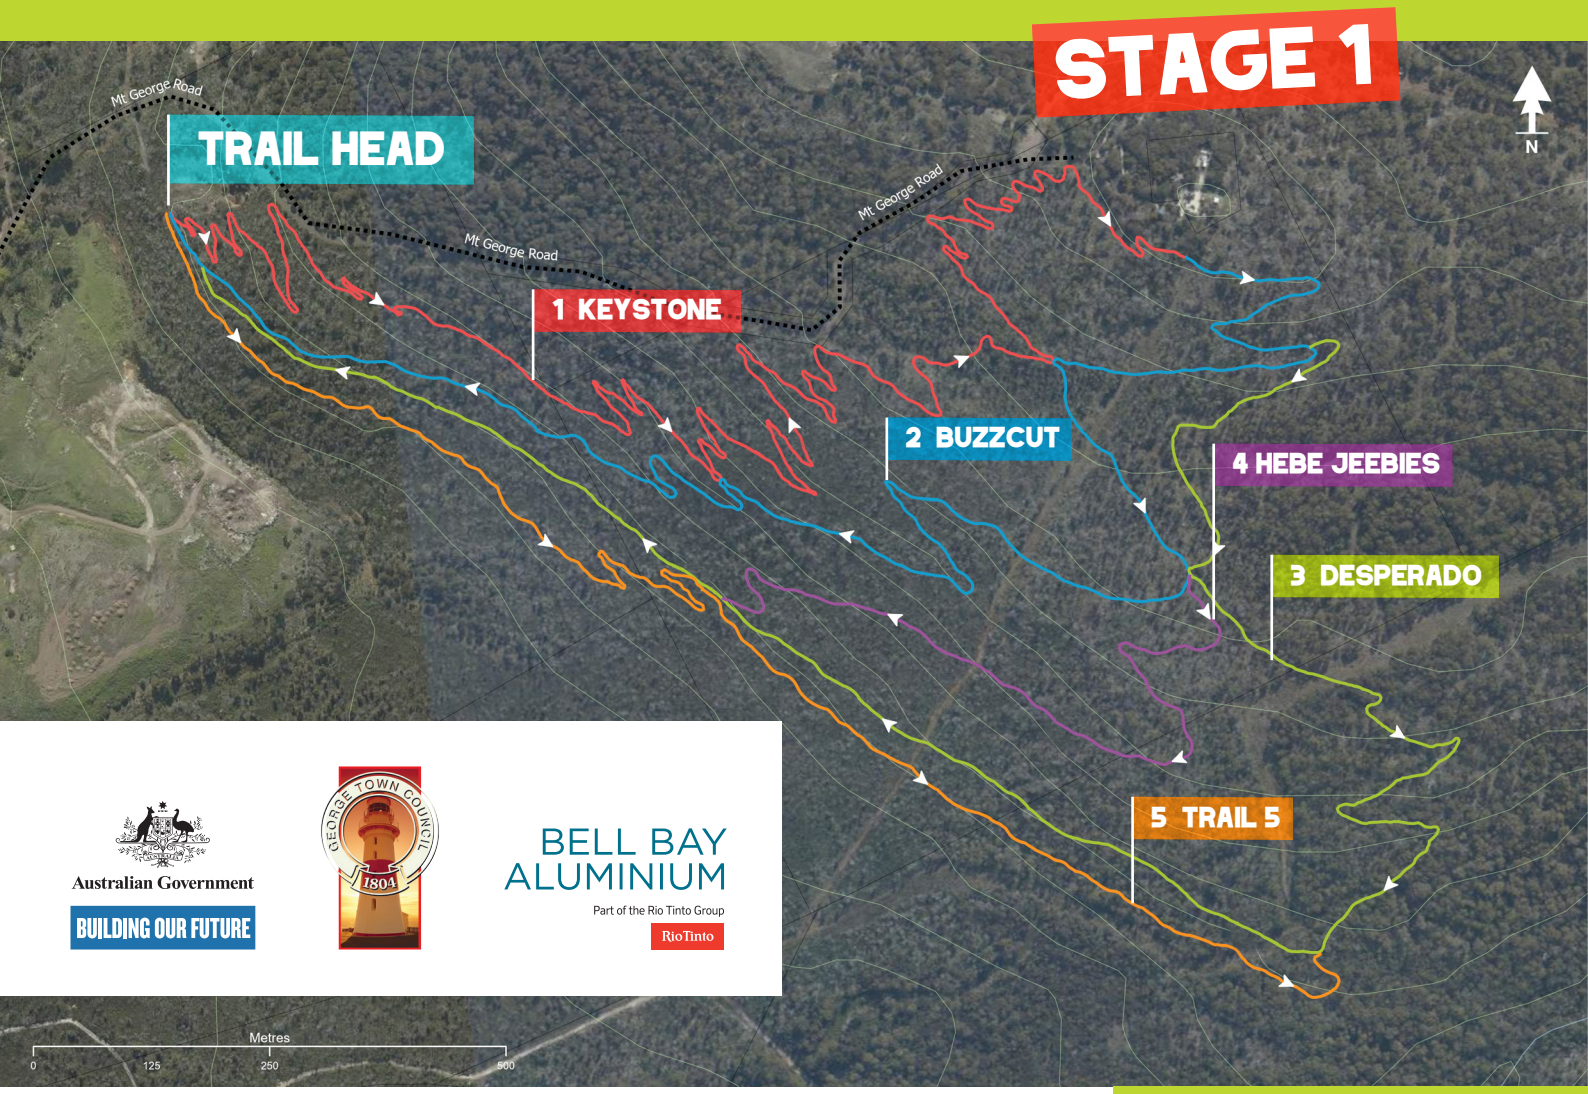
# MOUNT GEORGE TRAIL NETWORK



**1** Keystone

**TRAIL NAME:** Keystone
**DIFFICULTY:** Easy
**DISTANCE:** 2.8km

The primary climbing trail to get you from the trail head carpark to the start of the Mount George Summit descending trails.

TO SUMMIT TRAILS

**2** Buzzcut

**TRAIL NAME:** Buzzcut
**DIFFICULTY:** Easy
**DISTANCE:** 2.0km

The primary descending trail that lets you roll all the way back to the trail head, or cut back onto Keystone so you can session your favourite sections.

**3** Desperado

**TRAIL NAME:** Desperado
**DIFFICULTY:** Easy
**DISTANCE:** 2.1km

An alternative descending trail, Desperado is a little wider and has larger features and gives you the opportunity for a little more airtime.

**4** Hebe Jeebies

**TRAIL NAME:** Hebe Jeebies
**DIFFICULTY:** Intermediate
**DISTANCE:** 0.8km

A gnarlier descent option, and a good introduction to the dolerite rock slabs characteristic of the area.

**5** TRAIL 5 (name TBC)

**TRAIL NAME:** Trail 5
**DIFFICULTY:** Easy
**DISTANCE:** 1.4km

Starting from the trail head car park, this trail contours around the base of Mount George, Allowing for alternate loops that are shorter and flatter than climbing up Keystone.

## MORE TRAILS COMING SOON!

### Easy

Suitable for mountain bikers with mountain bikes. Single-track with gentle gradients, smooth to variable surfaces, and some avoidable obstacles such as rocks, roots and logs on the primary line.

### Intermediate

Suitable for skilled mountain bikers with mountain bikes. Single-track with moderate gradients, some steep sections, and obstacles such as rocks, roots and logs on the primary line.

### Difficult

Suitable for experienced mountain bikers, used to physically demanding and challenging routes. single-track, with steep climbs / descents, and dangerous unavoidable obstacles on variable and loose surfaces. Some sections will be easier to walk.

### Extreme

Suitable for highly experienced mountain bikers, used to physically demanding routes. All sections are challenging, with dangerous, unavoidable obstacles / features. Some extreme levels of exposure and/or risk. Some sections will be easier to walk.
