Electors on Roll.....5,238

George Town Council's  
Ordinary Meetings take place  
at the Council Chambers on  
Anne Street (venue and date  
may occasionally be subject  
to change)

# Welcome to George Town

A message to new  
residents from the  
Mayor of  
George Town

As the Mayor of George Town, I am delighted to welcome you to our unique and beautiful municipality.

Residents may wish to take advantage of a choice of friendly urban, rustic rural or idealistic seaside lifestyles.

Prime waterfront houses offering panoramic vistas of the Tamar River and Bass Strait and access to fore-shore recreation areas are in plentiful supply, whilst a range of affordable houses caters for all preferences.

Primary and secondary schooling is supported by regular bus transport to Launceston for further studies while a home-based child care centre and play-groups provide for the needs of families with younger children.

A variety of organised sports, both indoor and outdoor are offered, and numerous community groups meet regularly, catering for other social interests.

Attractive aged accommodation from independent living units through to home care is available and these are supplemented by recreation and other support services for seniors. The flat terrain and ready access to all facilities provide the elderly with a wonderful relaxed lifestyle in retirement.

We have a wonderful walking/cycling trail around our cove and out to Low Head which connects the communities and promotes a healthy lifestyle.

A full time medical practice and a local division of the Launceston General Hospital are all based in the town.

Whatever your needs or interests, George Town has something to offer.

We look forward to getting to know you!

Yours faithfully  
Cr. Bridget Archer  
Mayor
