Dear Sir/Madam,

RE: PETITION TO AMEND A SEALED PLAN NO 130563

I write in response to your recent application to amend covenants on sealed plan 130563. The application to amend the sealed plan was received by Council on the 12/12/2017.

As you are aware George Town Council currently own lot 1 on sealed plan 130653, which contains the George Town Aerodrome.

George Town Council is a party with an estate or interest affected by the proposed amendment, and as a result can be heard in opposition.

Given the limited understanding or reasoning behind why the covenants were imposed, George Town Council, as the owners of CT130653/ currently object to the amendment of the covenant on lot 2 pending a more detailed explanation and investigation into their implementation.

We are willing to discuss this matter further with you or your representatives and understand that Shane Bartell will be addressing Councilors at the January workshop.

Yours faithfully

A handwritten signature in blue ink, appearing to read 'Justine Brooks-Bedelph', is written over the 'Yours faithfully' text.
